NLUCA

Location: ZOOM

Date: Thursday, May 6, 2021

Time: 3:00-4:00pm

5. Confirming list of possible clinical internship sites; will have breakout room for students on school counseling track. There were several questions from NLUCA members regarding tips on finding their practicum and internship sites, as well as balancing working full-time while getting in their hours. Several members offered tips, including doing your own research on sites and being persistent. It was noted that Dr. Stewart should be sending out the recording from last week's meeting on this subject.)

V. New Business

Jocelyn brought up the idea of having a sort of office hours on weekends for students who do most of their schooling on the weekends. She noted it would be nice to have a weekend contact for ongoing questions -- with both school and NLUCA. Sam noted that NLUCA could do office hours but can't answer questions on behalf of NLU and said the leadership team would look into this more.

VI. Adjournment

Meeting concluded at 11:02 PM
