1. Message from Dr. Anna Marie Yates: “The Northwest Suburban Chapter was the very first Chapter in the Illinois Counseling Association; counselors can come together and share at a grassroots level; school counselors and clinical mental health counselors, as well as grad students meet to share, learn, refer, and exchange relevant ideas in the world of counseling. If you live, work, or study in the northwest suburbs of Chicago—this group is for YOU. We meet virtually via Zoom every first Thursday of the month from 4:00-5:00pm and hold two Professional Development programs each year. Lots of leadership opportunities are available.”
