

Guide on Connecting to VPN

1. **Step 1:** Navigate to Cisco, press the Windows key OR on Mac, go to Launchpad/search “Cisco AnyConnect,” and open the app.
2. **Step 2:** In the VPN, type “vpn.nl.edu” and click connect. Enter your NLU credentials.
3. **Step 3:** You will receive a DUO push notification on the app; tap approve.
4. **Step 4:** Verify connection. Search for the “Cisco AnyConnect” app again and check that the green check mark is on.
