

How to install integrated tools like Zoom, Smartsheet, etc.

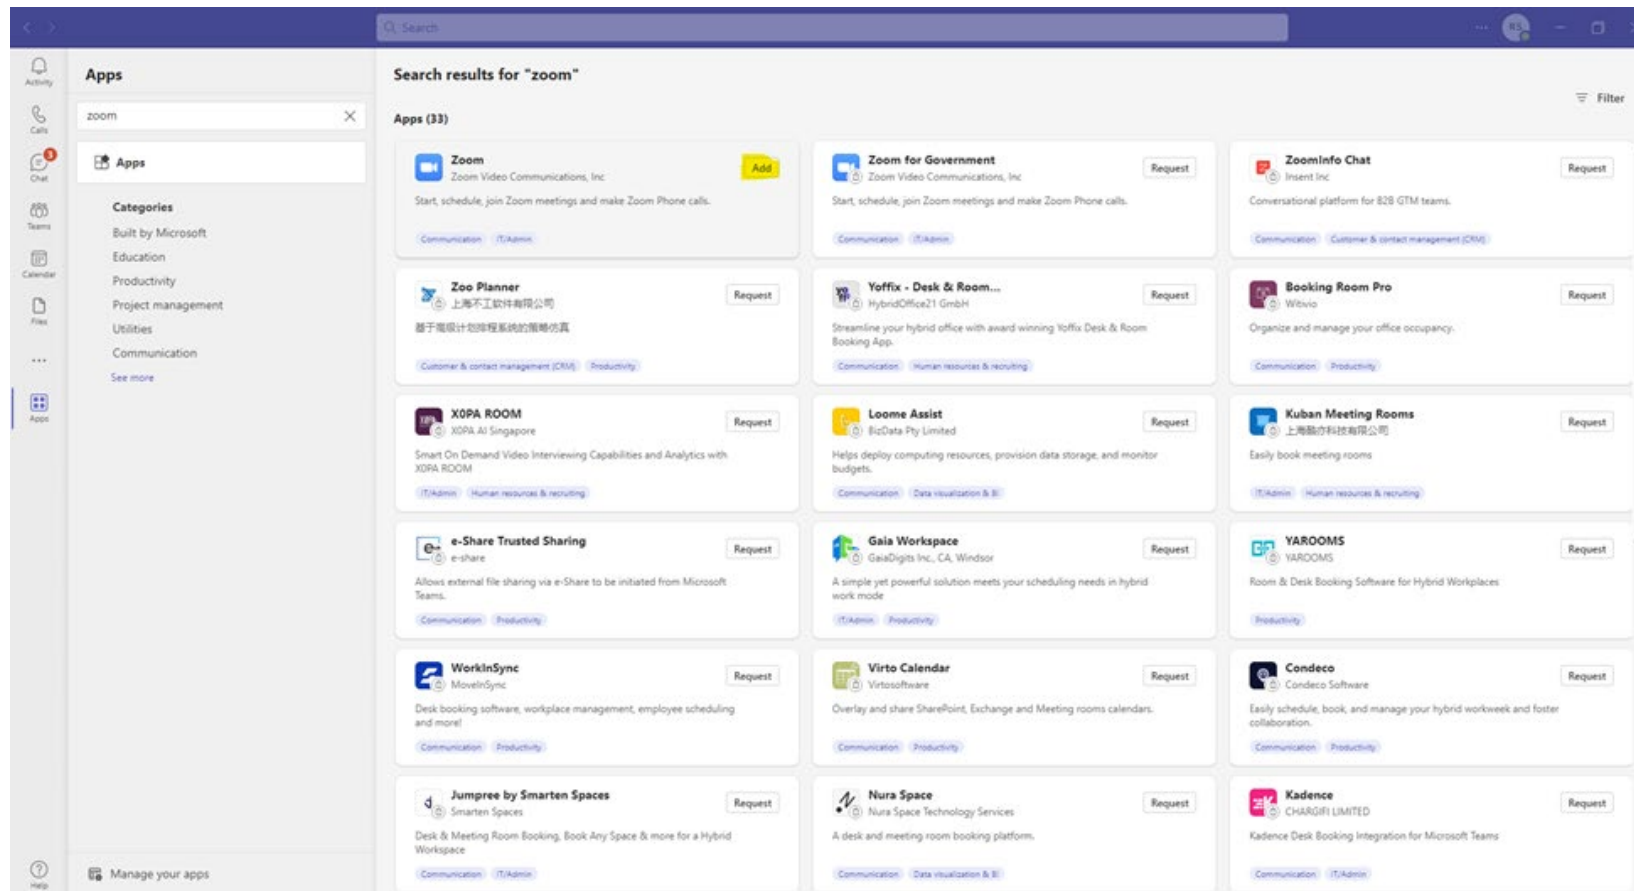

1. Navigate to the Apps icon in the left in the left pane

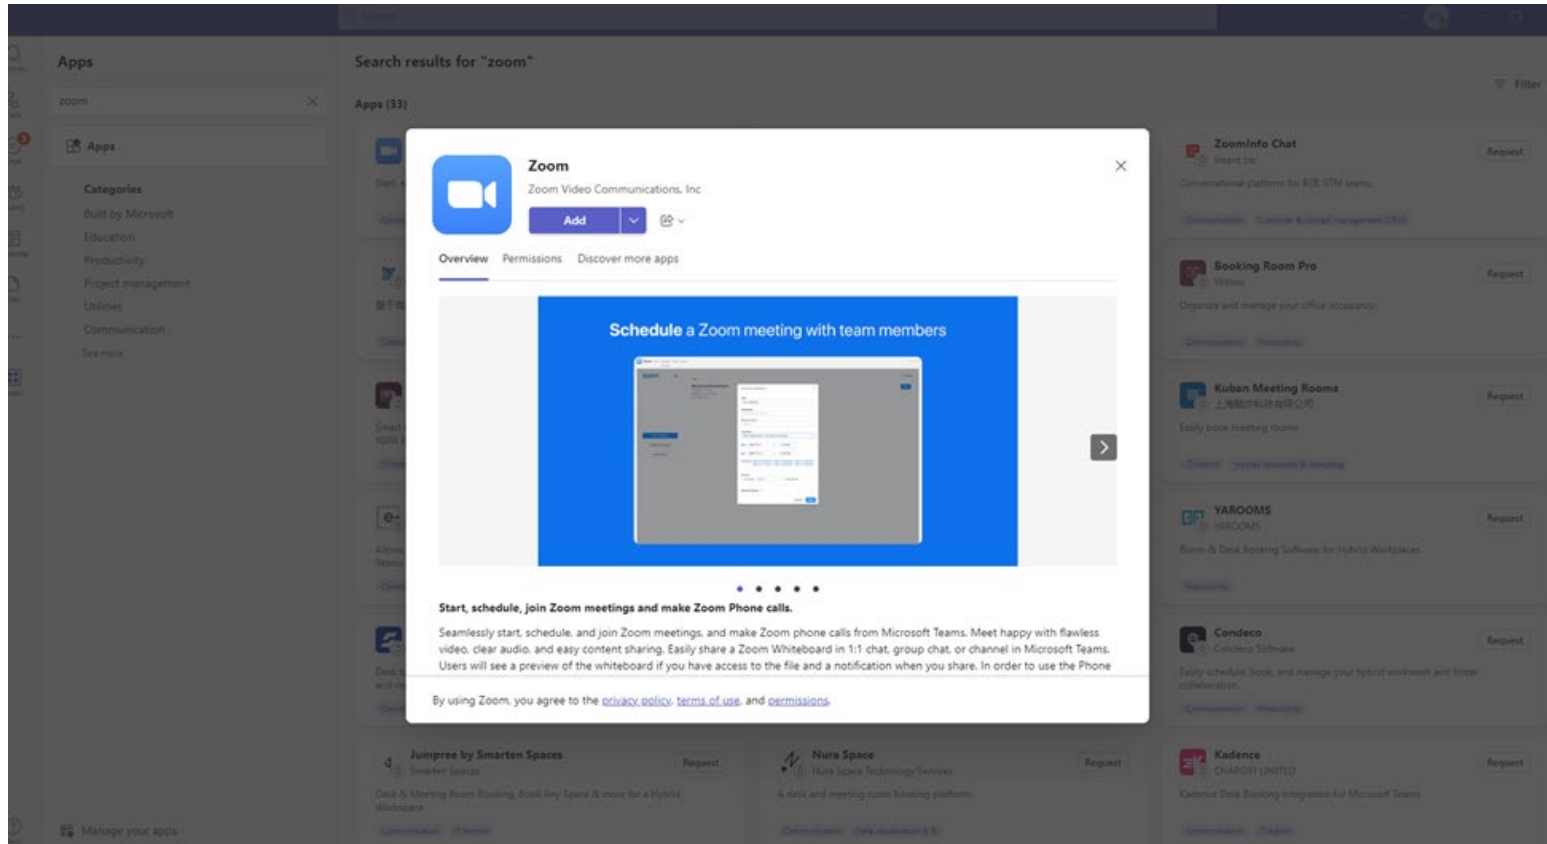

2. In the search bar, input the app you are searching for i.e Zoom

3. Select Add next to the app you want to add

4. Select add in the popup window and the application will automatically install

5. Select the 3 dots in the left pane to see a view of all downloaded apps you currently have installed
