

Coach with AI. Help Educators Use AI Effectively.

AI Coach Intern

What You'll Do:

You'll use AI tools to provide feedback to participants in the AI Innovations Badge Program. You'll help educators refine prompts, improve their use of AI, and understand how to apply it ethically and creatively.

Skills You Will Need:

- Strong written communication and feedback delivery
- AI tool proficiency
- Organization
- Professionalism, empathy, and confidentiality
- Reliability in meeting deadlines and tracking progress

What You'll Gain:

- Experience using AI for mentoring and skill development
- Leadership and facilitation skills in professional learning
- Resume-ready experience bridging education and technology

Ideal for

Organized, thoughtful collaborators who enjoy helping others learn and want to explore how AI can elevate human teaching and leadership.
