

Dialogue & Discovery: A Faculty PLC on AI

LEAP Innovations invites Education Faculty to a collaborative PLC focused on the strategic evolution of AI in education. We shift the narrative from AI as a hurdle to AI as an integral asset for instructional innovation, professional workflow, and cross-departmental community.

COMMUNITY BUILDING

Talking across departments to build a supportive faculty network.

FACULTY INNOVATION

Investigating AI use cases to enhance instructional delivery.

ASSET FRAMING

Reimagining AI as a partner for both students and instructors.

LEARN & APPLY

Minimal pre-work with high-impact, easy application options.

Collaborative Schedule

FEB 25 @ 12:00 PM

Session I: Faculty Inquiry TBD

[JOIN FEB 25](#)

MAR 11 @ 12:00 PM

Session II: Faculty Inquiry TBD

[JOIN MAR 11](#)

MAR 18 @ 12:00 PM

Session III: Faculty Inquiry TBD

[JOIN MAR 18](#)

MAR 25 @ 12:00 PM

Session IV: Faculty Inquiry TBD

[JOIN MAR 25](#)

Series Details

TARGET AUDIENCE

Education Faculty

ENGAGEMENT MODEL

Independent yet cohesive sessions; join any or all dates in the series.

STRATEGIC GOAL

Reframing AI as an integral tool for engagement and future-forward practice.

FACILITATION

LEAP Innovations

Faculty Inquiry & Collaboration Goals

- 🔗 How can AI tools optimize professional workflows and instructional design?
- 🔗 In what ways can we leverage AI to enhance the learning experience for all?
- 🔗 How do we talk across departments to share innovative AI use cases?
- 🔗 What does it look like to frame AI as a collaborative asset for faculty?

AN EDUCATION FACULTY PLC LED BY LEAP INNOVATIONS
